

HEAD START AT A GLANCE...

Southwest Georgia Community Action Council, Inc.

October/November 2017

HEAD START AWARENESS MONTH

Head Start/Early Head Start is a comprehensive child development program designed for children 6 weeks to age five and pregnant women. Head Start is funded by the Department of Health and Human Services (HHS) through the Administration for Children and Families (ACF) Office of Head Start (OHS).

Southwest Georgia Community Action Council, Inc. became a Head Start grantee in 1965 and is now one of the largest grantees in Georgia. We currently provide Head Start services in 18 counties and we have a total of 22 Child Development Centers. We currently provide Head Start services to 1,813 preschool children and families of which 60 four-year-olds receive Georgia state lottery funded Pre-K/Head Start blended services. We provide Early Head Start services to 319 infants, toddlers, and pregnant women for a combined total of 2,132 children.

We provide quality services for enrolled children and their parents.

Goal of Head Start/Early Head Start

The overall goal of the Early Head Start and Head Start Program is to break the cycle of poverty by working with pregnant women and children to strengthen the family unit. This enhances the child's everyday effectiveness in dealing with both present environment and later responsibilities in school and life.

October is Domestic Violence Awareness Month

If you are in an abusive relationship, remember:

- 1.) You are not alone.
- 2.) It is **NOT** your fault.
- 3.) Help is available.

What is Domestic Violence?

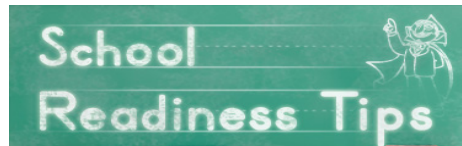

Domestic violence, also described by the terms family violence, intimate partner violence, and teen dating violence, is a widespread problem in Georgia and across the country.

The Office of Violence Against Women defines domestic violence as “a pattern of abusive behavior in any relationship that is used by one partner to gain or maintain power and control over another intimate partner.” Common abusive tactics include physical violence, sexual violence, isolation, economic abuse, emotional abuse, intimidation, reproductive coercion, and stalking.

Georgia Domestic Violence Statistics

- Firearms were the cause of death in 71% of recorded domestic violence fatalities in 2016. 49% of victims in cases studied by Georgia’s Domestic Violence Fatality Review Project began their relationship with the person who eventually killed them when they were between the ages of 13-24. In 37% of the cases studied by Georgia’s Domestic Violence Fatality Review Project, children witnessed the domestic violence homicide.
- In 2015, law enforcement officers responded to 65,487 family violence incidents in Georgia.
- In 2015, there were 24,710 protective and stalking orders issued in Georgia.
- In FFY 2016, there were 53,414 crisis calls to Georgia’s certified domestic violence agencies.
- In FFY 2016, 5,390 victims and children who were provided 332,110 nights of refuge in a Georgia domestic violence shelter.

If you need to talk because you or someone you know is in an abusive relationship, call Georgia’s 24 hour hotline at 1-800-33-HAVEN (1-800-334-2836) V/TTY (se habla español) or the National hotline at 1-800-799-SAFE (1-800-799-7233).

November is National Literacy Month and a time when we focus on literacy activities.

GOAL: Children will develop age appropriate literacy knowledge & skills in the areas of phonological awareness, book knowledge, alphabet knowledge, print concepts and early writing.

1. Matching Upper & Lower Case Letters

Play a letter matching game. Print capital letters on pieces of paper. Print the same letters in lower case on other pieces of paper. Have your child match the capital letter with its lower case partner.

2. Rhyming Word Sit Down

Have your child walk around in a circle taking one step at a time while you say a rhyming word. When you say a word that doesn’t rhyme, your child can sit down. An example would be cat, hat, mat, fat, sat and dog. The child would walk around when you say “cat, hat, mat, fat and sat”. He or she would sit down when you say “dog”.

3. Do You Remember?

Have your child listen to a direction with 2 or 3 steps (for example, “Stand up, lift one leg, hop to the door”). Give your child a thumbs-up or high-five if he/she followed the direction correctly. Give them 3-4 different sets of directions to continue the game. Begin to use positional words such as over, under, behind, before, after, in front of, middle and last.
